

# FIDGET-FRIENDLY SIGNS

If you're hosting family worship services, your families with young kids may be nervous about how their little ones will do during the service. **Post these signs in sections of your main worship space to let families know they (and their wiggly little ones) are welcome!**

And if you really want to help kids and parents have the best experience possible in a family worship service, consider providing [Praise Packs](#), a [Parent Note](#), or [Sermon Notes for Kids](#), and use the resources in our [Guide to Family Worship!](#)

# FIDGET-FRIENDLY ZONE

This section is reserved for families with members who may need a little extra room for movement throughout the service.

# WIGGLE ZONE

This section is reserved for families with members who may need a little extra wiggle room throughout the service.
