

# FIRST RESPONDERS COLORING PAGE

Use this free "Thank you, First Responders!" coloring page to send a little encouragement to first responders as they continue to keep us safe and healthy.

Invite kids to color the picture and write a note on the back to hospital workers, firefighters, or police, then deliver or mail the finished pictures & notes to the local first responders in your community!

Want to show even more encouragement and support for first responders? Check out our [First Responders Appreciation Card Designs](#) or our [Hospital Prayer & Support Sign Templates!](#)

# THANK YOU.
