

# BOOK RECS FOR BABY DEDICATIONS & YOUR CHURCH NURSERY

It's never too early to start building a faith foundation, even for babies and little ones. Gifting young families a special book or other faith-based resource when welcoming a new baby, either at birth or at a [baby dedication](#), is a great way to equip and encourage new parents to disciple their kids! The list below comes from Kathleen Jaoudi, [a DKM Vendor](#) and a children's pastor in NY and also includes some other favorites. Kathleen's ministry experienced a baby boom one year when they welcomed 11 new babies in a short time frame! She shares more about her experiences [here](#) and shared her list below based on her experiences both personally and as a ministry leader during the baby boom. Order a few copies for the new babies in your ministry, or keep them in the nursery for Sunday mornings!
